### Corrigendum

Corrigendum to “Selective hydrogenation of CO<sub>2</sub> and CO to useful light olefins over octahedral molecular sieve manganese oxide supported iron catalysts”

[Appl. Catal. B: Environ. 132–133 (2013) 54–61]

There is a typographical error of the pressure of hydrogenation (2.3. Hydrogenation of CO<sub>2</sub> and CO, page 55). The sentence is produced in its correct form as below:

Hydrogenations of CO<sub>2</sub> or CO were performed in a packed bed reactor [26] at temperatures of 393–593 K and a pressure of 1.37 MPa.
